WARNING: PHOTSENSITIVITY / EPILEPSY / SEIZURES

A very small percentage of individuals may experience epileptic seizures or blackouts when exposed to certain light patterns or flashing lights. Exposure to certain patterns or backgrounds on a television screen or when playing video games may trigger epileptic seizures or blackouts in these individuals. These conditions may trigger previously undetected epileptic symptoms or seizures in persons who have no history of prior seizures or epilepsy. If you, or anyone in your family, has an epileptic condition or has had seizures of any kind, consult your doctor before playing.

IMMEDIATELY DISCONTINUE use and consult your doctor before resuming gameplay if you or your child experience any of the following health problems or symptoms:

- dizziness • eye or muscle twitches • disorientation • any involuntary movement
- altered vision • loss of awareness • seizures or convulsion.

RESUME GAMEPLAY ONLY ON APPROVAL OF YOUR DOCTOR.

Use and handling of video games to reduce the likelihood of a seizure

- Use in a well-lit area and keep as far a way as possible from the screen.
- Avoid prolonged use of the PS Vita system. Take a 15-minute break during each hour of play.
- Avoid playing when you are tired or need sleep.

Stop using the system immediately if you experience any of the following symptoms: lightheadedness, nausea, or a sensation similar to motion sickness; discomfort or pain in the eyes, ears, hands, arms, or any other part of the body. If the condition persists, consult a doctor.

Follow the on-screen instructions for more details about how to play this game.

The information in this manual was correct at the time of publication, but some minor changes may have been made late in this game's development. All screenshots for this manual have been taken from the English version of this game.

VIKINGS INVADE BRITAIN!

(BETTER LATE THAN NEVER)

Wait; did somebody say “Vikings”?

Surely not; Vikings invaded Britain a long, long time ago. But wait... yes, it's all true!

Unbelievably, a Viking army has turned up on British shores and they do not look happy.

confused, bad-tempered and a little bit smelly after a long time at sea, the Vikings want to wage war, claim lands, steal treasures and possibly enter a televised talent show or two.

There's only one problem with their plan... they're not armed. Without swords or shields, the seafaring savages have to improvise and will attack with anything they can get their hands on - literally.

Who will put an end to this barbaric, not to mention hilariously random, attack?

You, of course! So scream out the battle cry, unite the neighborhoods and save the country.

MAIN MENU

QUEST MODE

It's time for you to lead the battle to reclaim Britain's streets. Step up and defend farms, museums, fairgrounds and other battle zones from the mischievous Viking invaders.

Use the left stick to navigate around the level selection screen and highlight a level that you would like to play; then press the  button to make your choice.

Up to four players can play Quest Mode via a PlayStation®Vita system or a PlayStation®3 system, and work together to defeat the Vikings. Simply follow the on-screen instructions.

VS BATTLE MODE

You can play vs Battle Mode in three different ways:

In *Last Man Standing*, your so-called friends are now your bitterest enemies. Forget all about the invaders for a while as you bash and batter each other silly in a series of fast, frantic and very funny death matches.

Show your true allegiance in the Vikings vs Vigilantes team battles - pick your side, take down the enemy and then claim all of the credit.

Compete against your friends and foes by completing a set of special tasks in the quickest time possible in *Goldrush*.

Two to four players can play vs Battle Mode via a PlayStation®Vita system or a PlayStation®3 system. Again, just follow the on-screen instructions.

HOW TO BEAT UP VIKINGS

They may have a fearsome reputation stretching back hundreds of years, but these Vikings are in a whole new world.

Without their trusty weapons to attack you with, the Vikings will use anything they can find.

You will soon be bombarded with objects like road signs, post boxes, park benches, dustbins, barrels and even cars.

Vikings attack in groups, and so must you.

By controlling a group of civilians, you can pick up objects and hurl them at your foes. The size of your group determines what objects you can pick up. Collect the object by running directly into it, take aim with the left stick and then press the  button or the  button to throw.

Press the  button or the  button to spin the object. If you spin the object repeatedly you can then launch an unstoppable missile at your helpless rivals.

Press the  button to drop the object.

If you are empty-handed, you can steal an object that your enemies are carrying by getting up close and pressing the  button. You can also catch an object being thrown at you by pressing the  button at exactly the right moment while the object is in the air.

Press the left stick and the ⊗ button at the same time to dodge out of the way of an attack; this move can also shove your enemies over ledges or into oncoming traffic.

Each time your group is hit by an enemy attack, you will lose members. Big attacks could wipe you out so be on the lookout for potential recruits - move your group towards the newcomers when they appear on-screen to add them to your gang.

Some of the newcomers possess special abilities such as strength, speed and power - but your group will move more slowly as it grows in numbers.

You will score points every time you successfully hit your opponents, with bonus points awarded for big strikes and long shots.

Be strong, be brave and be ruthless. To defeat a Viking, you must think like a Viking... or just throw lots of stuff at them and hope for the best.

Good luck!
